

S3 – S6 D of E participants.

For advice and suggestions on how to possibly adapt your activities for D of E please go to <https://www.dofe.org/coronaactivitytips/>

You will see that there are creative ways that activities **can be adapted** to allow you to continue your sections. When you think you have found a way to adapt your activities in a way that keeps everyone safe please message me using eDofE messages. I will either approve your plans or suggest alternatives where possible. Please do not start any adapted programme until I have approved it. The only sections that are completely on hold at the moment are the Expedition section and the Residential at Gold

(If you haven't already been using the "messages" feature of eDofE you will find it in the communications box at the top right of your log in page. Type BL into the "To" field and my name will pop up.)

Any queries please use eDofE messages or, if it's not working for you, you can contact me by email: dave.blevins@trinity.edin.sch.uk
